

Safeguarding Spotlight

Autumn 1 2023

How our Safeguarding Team keep children safe and happy

Our Safeguarding Team work collaboratively across the school to ensure that successful strategies are put in place to prevent harm and maintain high-levels of safety, well-being and attendance. They work alongside staff, children and families in a range of ways to promote safety, health and well-being. Some of these include:

- Working with staff, children, families and outside agencies, including Social Care, in response to welfare concerns
- Working with staff in response to low level concerns regarding staff conduct
- Providing staff training to ensure all staff feel confident in identifying concerns and knowing how to report them should they arise
- Assessing the social and emotional needs of the children across school and implementing one-to-one or group support from the Pastoral Team
- Making referrals to the Garforth Cluster for a range of support including counselling, attendance.
